I cannot stand it ONE MORE DAY!! How many front page articles to do with Indians? Oh my God...almost every day? Do I live in a city that is Mostly white or am I living on a Reservation and don't know it? Wait a minute...if I were on a reservation then I would get everything for FREE, guess I am in Missoula.

I assure you, most of Missoulians do not give a crap if a tribe "adopted" Barack, or how the economy is affecting them, or all that other silly shit you manage to get on the front page.

How about putting your stupid stories on the territory page once in awhile if you must. THEY ARE NOT FRONT PAGE MATERIAL!!
